# SPREAD LOVE, BITCHEZ! (OIBELART.COM)

Believe the Hype! As inspired burger visionaries with a passion for HipHop, we opened the Burgeramt in Berlin in 2008. The concept: Beats, Bars and Burgers! Since 2008 we have been the blueprint for all burger shops in Germany that are dedicated to Hip Hop and Burger. Our plan was to conjure up dishes from all over the world between two burger buns. Besides paying special attention to high quality ingredients, it is also important to us to offer sustainability at fair prices.

Since 2013 we organize our own hip hop events with the rap heroes of our Burgeramt Playlists. We can proudly boast names ranging from Karate Andi to The Orsons to US legends like KRS One and Mobb Deep. The Burgeramt has become a place to be for artists as well as art fans!

But don't forget this:  
In the end it's all about burgers and taste - with or without love for HipHop.
